(Chapter – 2) (Polynomials)(Exemplar Problems)  
(Class – IX)

## Exercise 2.1

Write the correct answer in each of the following:

### Question 8:

Zero of the zero polynomial is

- (A) 0 (B) 1  
(C) Any real number (D) Not defined

### Answer 8:

- (C) Any real number

### Solution:

Every real number is a zero of a zero polynomial.

Hence, the option (C) is correct.
