## A Glance on Terms

**Wild animal** : Animals that live in forests.

**Insects** : Small animals having six legs.

## Revision Time

- \* Different kinds of animals live around us.
- \* Birds have feathers and wings.
- \* All insects have six legs. They are small animals.
- \* Animals live on land, on trees and in water.

## ● Skill Test ●

### A. Tick (✓) the correct option:

1. Which animal gives us milk?  
 (a) Horse                      (b) Lion                      (c) Cow
2. Which animal lives both on land and in water?  
 (a) Fish                      (b) Lizard                      (c) Frog
3. Which animal lives only in water?  
 (a) Frog                      (b) Tortoise                      (c) Fish

### B. Fill in the blanks with the suitable words given in the box:

Monkey      fish      bird      frog

1. A \_\_\_\_\_ live in water.
2. \_\_\_\_\_ lives on a tree.
3. All insects have \_\_\_\_\_ legs
4. Parrot is a \_\_\_\_\_.

**C. Can you name?**

- Two big land animals \_\_\_\_\_, \_\_\_\_\_
- Two birds which cannot fly \_\_\_\_\_, \_\_\_\_\_

**D. Answer these questions:**

- What are wild animals?  
\_\_\_\_\_
- What kind of animal can live both in water and on land?  
\_\_\_\_\_
- How do birds fly?  
\_\_\_\_\_

**Hot Questions**

**Guess the animal**

I am a big animal, with a back black and white strips on my body.

**Creative Corner ●●**

**A. Rearrange the jumbled letters with the help of the hints given below.**

- The **R O W C** can fly in the air **C**
- The **I S F H** live in water **F**
- The **G D O** can be seen in houses **D**

**B. Make a animal scrap book, collect pictures of animals paste them in a scrap book. Below each picture write.**

- The name of the animal
- Where it lives (land, water, in trees etc).
- How it moves.
