

# Our Wondrous World

## Practice Sample Paper – 3

(Session 2026–27)

(Class 4 EVS)

Time: 2 Hours

Maximum Marks: 50

---

### General Instructions:

1. All questions are compulsory.
  2. There are 5 sections viz. Section-A, Section-B, Section-C, Section-D and Section-E.
  3. The number of marks carried by each question is indicated against it.
- 

### Section-A

#### 1. Read the passage and tick the correct answer.

[2×5 = 10]

During a school visit, Kabir noticed that many people in his neighbourhood used different services. His grandmother visited the clinic, his father posted a parcel, and his sister borrowed a storybook from the library. Kabir also saw children helping an elderly neighbour carry groceries. He understood that neighbourhood places and helpful people make everyday life easier.

#### i) Where did Kabir's grandmother go?

- |            |           |
|------------|-----------|
| A) Library | B) Clinic |
| C) Market  | D) Park   |

#### ii) What did Kabir's father post?

- |             |               |
|-------------|---------------|
| A) A parcel | B) A plant    |
| C) A map    | D) A notebook |

#### iii) What did Kabir's sister borrow?

- |                |              |
|----------------|--------------|
| A) A storybook | B) A bicycle |
| C) A lunch box | D) A toy     |

#### iv) What did the children help the elderly neighbour carry?

- |            |              |
|------------|--------------|
| A) Books   | B) Groceries |
| C) Flowers | D) Letters   |

#### v) What did Kabir learn?

- A) Services and helpful people support daily life
- B) Everyone works alone
- C) Libraries are only for adults
- D) Neighbours never help one another

## Section- B

### 2. Answer the following in one word.

[5×1 = 5]

- Name the tool used to find directions on a map.
- What do we call the place where sick people receive treatment?
- Name the bird known for its colourful feathers and fan-shaped tail.
- What is the name of the process in which food is cooked in an oven?
- Name the taste that is one of the six tastes mentioned in Ugadi Pachadi and is opposite to sweet.

## Section- C

### 3. Fill in the blanks using the correct words.

[5×1 = 5]

**Word Bank:** claws, saving, vegetables, communication, veins

- The sharp body parts of some birds help them catch or hold food. They are called \_\_\_\_\_.
- Keeping some money aside for later use is called \_\_\_\_\_.
- Carrots, spinach and tomatoes are examples of \_\_\_\_\_.
- Sending a message from one person to another is called \_\_\_\_\_.
- The branching lines visible on a leaf are called \_\_\_\_\_.

### 4. State whether these statements are True/False.

[5×1 = 5]

- A post office is a community service that can help people send parcels.
- A compass can help us identify directions.
- Owls have eyesight that helps them see at night.
- Roasting and baking are both methods of cooking.
- Food labels never give useful information about packaged food.

### 5. Match the following.

[5×1 = 5]

|      | Column A     |    | Column B                       |
|------|--------------|----|--------------------------------|
| i.   | Sparrow      | a. | Long beak for nectar           |
| ii.  | Sunbird      | b. | Fan-shaped tail                |
| iii. | Peacock      | c. | Helps send parcels             |
| iv.  | Post Office  | d. | Bird with a small pointed beak |
| v.   | Solar cooker | e. | Uses sunlight for cooking      |

## Section- D

6. Observe the community picture and answer the questions.

[4]

- i) Name any two community places shown in the picture.
- ii) Which place would you visit to borrow a book?
- iii) Which place would you visit for medical help?
- iv) Why are community services important?
