(Chapter – 3) (Coordinate Geometry)(Exemplar Problems)

(Class – IX)

Exercise 3.1

Write the correct answer in each of the following:

Question 2:

Signs of the abscissa and ordinate of a point in the second quadrant are respectively

- (A) +, + (B) –, – (C) –, + (D) +, –

Answer 2:

- (C) –, +

Solution:

In second quadrant, X-axis is negative and y-axis is positive. So sign of abscissa of a point is negative and sign of ordinate of a point is positive.
