## Exercise 3.3

### Question 3:

Plot the points  $(x, y)$  given by the following table:

$x$	2	4	-3	-2	3	0
$y$	4	2	0	5	-3	0

 **Answer 3:** On plotting the given points on the graph, we get the following points P(2, 4), Q(4, 2), R(-3, 0), S(-2, 5), T(3, -3) and O(0, 0).
